My portfolio website: <https://vikramsvaulthub-theta.vercel.app/>

PROFILE

Results-driven **Full Stack Web Developer** with over 1 year of professional experience and a deep focus on the **MERN stack**. Skilled in architecting scalable web applications, designing RESTful APIs, and translating complex design mock-ups into high-performance React components. Proven track record of deploying live production applications and implementing secure authentication protocols.

TECHNICAL SKILLS

- **Frontend:** React.js, React-Router-Dom, HTML5, CSS3, JavaScript (ES6+).
- **Backend:** Node.js, Express.js, RESTful API Design.
- **Database:** MongoDB, MongoDB Atlas (Cloud Management).
- **Tools & Deployment:** GitHub, Postman, Render, Vercel, Railway, Hostinger.
- **Security:** JWT (JSON Web Tokens), bcrypt encryption.

WORK EXPERIENCE

- **KLE Technological University | Belagavi, KA**
 - **Programmer / Developer** | July 2024 – Present
- **KLE Technological University | Belagavi, KA**
 - **Instructor / Technical Lead** | August 2018 – June 2024

MAJOR PROJECTS

Voice of Venugram (Local News Portal)

<https://www.voiceofvenugram.com>

- Developed a full-stack regional news portal with category-wise news browsing, detailed article pages, live stream support, contact forms, and commercial ad placements.
- Built an admin dashboard for secure news and advertisement management, including image uploads, YouTube link validation, view tracking, and CRUD operations.
- Implemented admin authentication using JWT and bcrypt with protected Express routes and MongoDB-backed data models.
- Tech Stack: React.js, Vite, Node.js, Express.js, MongoDB, Mongoose, JWT, bcrypt, ImageKit, Hostinger.

Vault Hub (Personal Project Portal)

vikramsvaulthub-theta.vercel.app

- The all-in-one app which contains My Profile, and apps like Expense Tracker, Calculator, Games, etc...
- Developed a centralized dashboard integrating multiple micro-applications, including an Expense Tracker and productivity tools.
- Implemented secure user authentication using JWT and bcrypt for protected data access.
- Tech Stack: React.js, Node.js, Express.js, MongoDB Atlas, Render

CERTIFICATION

- MERN Full stack Development
- Completed the Web Development Bootcamp Certification by Udemy

EDUCATION

Diploma in Electrical and Electronics Engineering
